EVOLUTION TRAILER

Trailer

# *EVOLUTION*

# AGILITY

The perfect combination between versatility and sportsmanship.

The Evolution trailer stands out for its functional versatility and excellent dynamism. In addition, it is characterized by an aerodynamic design and maximum comfort and safety in highway.

*Evolution*

Castillo

# STABLE AND SAFE

The Evolution Trailer shares with you the driving fondness.

With an aerodynamic design that guarantees maximum safety and stability on the road, you can concentrate on the road and enjoy the trip while the Evolution Trailer takes care of the space.

# ABSOLUTE VERSATILITY

The interior space of the Evolution Trailer not only facilitates the mooring of objects, but also allows adapting it to any usability.

Take everything you need to live to the fullest. Thanks to the aluminum floor and ramp you can load all kinds of objects in the trailer: motorcycles, bicycles, karts, quads, suitcases, tools, surfboards ...

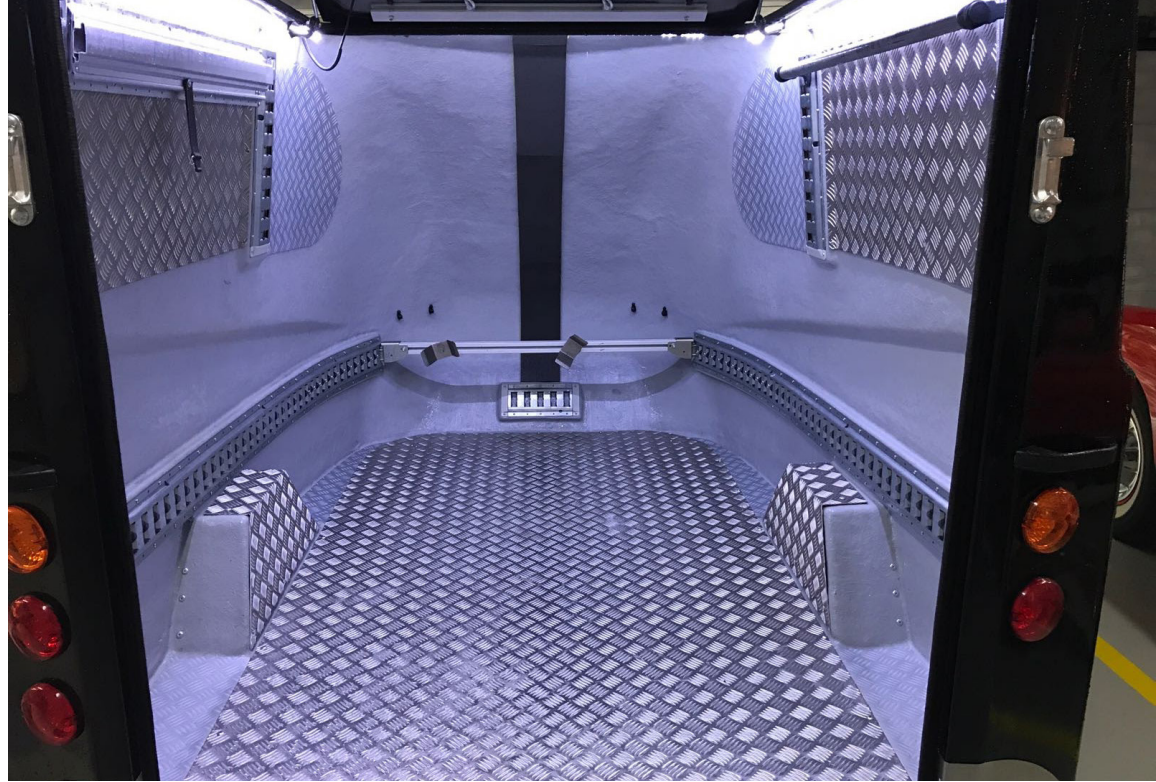

In addition, with the multiple accessories adaptable to your needs, you can tie in a thousand and one different ways all the objects you want in your trailer.
